

**TO:** City Council  
**FROM:** Angie Comstock, Deputy City Clerk  
**SUBJECT:** Revived Iron Parking Issue  
**DATE:** May 9, 2023

**Background:**

At the April City Council meeting, the clerk’s department was asked to send Revived Iron a letter regarding parking violations at their location, including parking on landscaped areas and on the street. The letter was sent regarding the parking on landscaped areas, but was unable to address the street parking due to the area being used for parking is not part of the “No Parking” area on Stacy Ponds Drive.

**Action Requested:**

Discuss and determine how the Council would like to handle the street parking issue.
