

Stacy Wine and Spirits Wage Increase Proposal for 202

Nov 7, 2023

By Rod Olson (mgr)

With all the stuff going on with the annexation of Lent Township I'll keep the wage proposal brief as you folks have enough other things going on currently. Raises for the regular staff I'll handle like I did last year. The total for ask for part-timers would sum to just over \$3K/year, which is the same as it was last year.

My assistant, Christian, continues to be a very reliable and hard worker. I would like to ask for a 3% wage increase for him which would be roughly \$1500. This would be a 70 cent an hour increase.

With regards to my salary, I would like to ask that I get to \$1353/year raise which would pull me up to the cap of the pay matrix for my pay grade. That would be a 1.77% wage increase, which is about half of what the current cost of living increase is now, but the cap is the cap and I'm upon it this year. I'd certainly appreciate the increase, and I think the numbers we are posting for sales warrants it.

Thank you for your time on this matter,

Rod
