

TO: City Council
FROM: Angie Comstock-Deputy City Clerk
SUBJECT: Stacy Lions Club Christmas Tree Request
DATE: October 10, 2023

Background:

The Stacy Lions Club has requested to plant a 10-12 foot spruce tree in Lions Park as stated in the following document. When reviewed by the Maintenance department, it was mentioned that there may be water and/or electricity running below the area proposed for the tree.

Action Requested:

If the planting of the tree is approved, please ask that the Lions contact Gopher State One Call (811) and work with the Maintenance Department to establish a safe location prior to planting.

Dear, Stacy City Council

The Stacy Lions are requesting your permission to plant one (1) 10–12 foot Spruce tree in town at Lions Park. The tree will be used during the holiday season as a Christmas Tree. This tree will replace the temporary Christmas Tree's used in the past. The tree and labor to plant the tree will be donated at no cost to the city. The tree also will need very little maintenance, being a Spruce tree. Local members of the Lent township board as well as The Lions would like to start having a Christmas lighting ceremony in the park. We believe this would become a good event for community.

Thanks,

Lion Jeff Selvog
