

To whom it concerns, as a Lent resident and local Realtor, and current member of the Lent Zoning & Planning Commission, I would very much like to be added to the Stacy Zoning & Planning commission in the times ahead, when appropriate.

My wife and I moved to the area eleven years ago this December. We have loved the area from the start, calling it home to all those we hold dear to our lives. I would very much love to be a part of the shaping of this great town for years to come.

Please consider my request as sincere. I retired from my first career in early 2022, and now focus on my passions of helping to care for our granddaughters, volunteer as a Stacy Lion member, and help people through the process of Buying and/or Selling their homes/property.

Kindest regards,

Jim Willeck
