

TO: City Council

FROM: Angie Comstock, Deputy City Clerk

SUBJECT: Cannabis in Public Spaces

DATE: April 10th, 2024

Background:

The City Council reviewed a draft ordinance prohibiting cannabis use in public spaces last fall. It was decided to table the matter until April 2024 to see if there would be any issues/complaints about cannabis use in public spaces. At the time of this memo, no complaints on this matter have been brought to the clerks' department. The Planning Commission has reviewed the ordinance drafted by the attorney and has recommended some amendments. In the packet, the original version and the Planning Commission draft are uploaded for review.

Action Requested:

This memo is informational. If the Council determines they would like to adopt either version of the ordinance, it would need to be posted for the public 10 days before a meeting in which it could be adopted.
