1-22-21

Mayor Mark Utecht,

Hi, Mark.

I send this to you alone. It is your choice if it gets shared with legal or other councilmembers.

I request the Stacy City Council entertain a motion to rescind the order that prohibits me from physical appearance at the Stacy Sports Bar.

I contend the order was an illegal response to my professional, required, and honest performance review of the Stacy Sports Bar Manager. I contend that his claim of my use of profanity is accurate, but his claim of assault was fraudulent and false. I have not contested the order for over six months, and the council should declare I have been properly and sufficiently punished.

Upon request, I will make this request public and shared with council members.

Former member of the Stacy City Council,

Paul J. Authier
