Hello, Sharon.

Commissioner Montzka relayed a message from you guys regarding signage for the CR 30/311<sup>th</sup> St. intersection crosswalk. I reviewed it today and found that it was signed appropriately. I have included a picture showing the crosswalk signs and advance crosswalk signs.

From a traffic and engineering standpoint, everything is where it should be. Enforcing the signage and the law is outside of our purview, however, we can look at maybe adding some sort of enhancements to the signage.

If you have any questions, please do not hesitate to contact me directly.

Thank you and have a great day!
